

Microsoft University Recruiting Opportunities FY15

Opportunities

If you are ready to ask the big questions, to work to make technology better, and push the edge on innovation, let's make it happen together. At Microsoft we offer you the opportunity to start your global career. With a presence in 190 countries you have the chance to impact users around the world.

Software engineers at Microsoft are passionate about building technologies that make the world a better place. At Microsoft, you will collaborate with a team of programming experts to solve problems and build some of the world's most advanced services and devices. Your efforts on the design, development, and testing of next-generation applications will have an impact on millions of people.

Software Development and Program Manager: New Grad and Intern

Qualifications:

- Pursuing a Bachelor's, Master's or Ph.D. degree in Engineering, Computer Science or related field
- 1-2+ years of experience programming in C/C++, Java, C# or other computer programming languages preferred
- Practiced in the design and development of tool architecture as well as feature definition, design, and feasibility
- Ability to derive creative and innovative solutions by thinking "outside the box"
- Demonstrated skill in estimating development time
- Ability to solve complex problems and write automation systems and device drivers

Apply by 13th March to be considered for spring interview events: www.microsoft.com/university
