

.Net/C# Software Developers

Intuitive Interactive Interfaces (I3) is a new London based ICT venture with international presence and staff focusing on the exploitation of the innovative contemporary Human Computer Interfaces (HCI).

I3 is looking for skilled junior and senior Software Developers on a part time or project basis. They will be integrated in our Athens team by developing desktop applications with state-of-the-art business 3D graphics. The work can be carried out in the company's premises and at home.

Qualifications:

- University level ICT background
- At least one year experience in .Net/C#, ActiveX development and Microsoft development tools
- Ability to quickly learn new technologies
- Ability to meet objectives within specified time limits
- Fluency in English
- Excellent teamwork spirit
- Prior knowledge of 3D graphics environments and technologies will be an asset.

If interested, please send your detailed CV in English, quoting reference: D1, to: gnk@styx-associates.eu.

Remuneration is based on qualifications and experience.

All applications will be treated as confidential.
