Description / Requirements

Our client is a leading multinational company.

Reporting to the Credit Control Manager, the right incumbent will be responsible for performing high quality credit analysis of new and existing clients.

- Performs thorough credit analysis for the potential and existing clients by applying a variety of financial methodologies and tools
- Analyzes, interprets and evaluates financial data and industry trends, utilizing the insight in the decision making process.
- Produces receivables management reports.
- Follows up on company's agreements with customers in order to ensure the timely collection of amounts due
- Monitors all matured payments, inspects potential losses and maintains records of uncollectible accounts of customers
- Manages the customers' balances and monitors transactions in order to evaluate credit extensions or notify in case of possible problems

Candidate profile

- University degree. A postgraduate degree will be considered an asset
- Minimum 4 years of professional experience in a relevant position within a corporate credit department. Alternatively, experience as a Credit Analyst in a fast paced Bank of a Factoring Company.
- Strong computer literacy. Candidates with SAP knowledge will be preferred.
- Fluency in English
- Excellent communication and negotiation skills
- Analytical and numerical thinking
- Hands on approach and team work mentality
- Results orientation and ability to work under pressure

Remuneration

The organization offers a very competitive remuneration package.
